Please insert the Sequence Listing, pages 1-304, at the end of the specification.

REMARKS

Applicants submit a Sequence Listing for the nucleotide sequences disclosed in the specification, in compliance with the requirements for patent applications containing nucleotide sequences and/or amino acid sequence disclosures. 37 C.F.R. §§ 1.821-1.825.
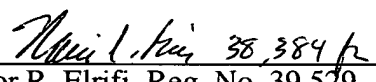

Amendments were also made to correct typographical errors relating to sequence identification numbers in the specification. Sequence identifying numbers were changed so that sequences in the specification correlated with sequences in the sequence listing. No new matter is added.
